

Quick Guide to Finding Help

Has this helped fix the problem? **Yes** - great! **No** - Call your Networker! 0428 325 926 OR networker@chanh.org.au

When you call your Networker they will:

- Respond in the best interests of your organisation, offer advice, seek support or recommend specialist advice
- Respect the confidentiality of your concern, BUT will be bound by the CHANH Critical Information Management Policy - so discuss this first!
- Where appropriate, recommend DHHS engagement and use of assessment tools to unpack the problem
